Every Second Counts: The Race to Transplant the First Human Heart. In truth it was a four-way race, a fierce struggle fraught with passionate rivalry. The other three surgeons—Adrian Kantrowitz, Norman Shumway, and Richard Lower—were giants in the field, and by early December 1967 they and Barnard were each poised to snatch the victor's laurels.

Every Second Counts The Race To Transplant First Human ...

EVERY SECOND COUNTS is the story of this gripping race to conquer the greatest of medical challenges. The kind of true story that would be dismissed as far-fetched if presented as fiction, it combines an utterly compelling portrait of cutting-edge science with raw human drama, and shows how the course of medicine itself was changed for ever.

Every Second Counts: The Race to Transplant the First ...

Every Second Counts is the story of Chris Barnard and his gripping race against four extraordinary men to conquer the greatest of medical challenges. It is also a deeply personal biography of a Casanova surgeon with film-star looks, whose tortured private life was played out on the most public of stages.
