Postmodernism is a broad movement that developed in the mid- to late 20th century across philosophy, the arts, architecture, and criticism, marking a departure from modernism. The term has been more generally applied to the historical era following modernity and the tendencies of this era. While encompassing a wide variety of approaches, postmodernism is generally defined by an attitude of ...

Creationism is the religious belief that nature, and aspects such as the universe, Earth, life, and humans, originated with supernatural acts of divine creation. In its broadest sense, creationism includes a continuum of religious views, which vary in their acceptance or rejection of scientific explanations for the origin and development of natural phenomena such as evolution.
