Laboratory Study Guide by Mkuki na Nyota

**Laboratory Study Guide**
Medical laboratory technicians usually work under the supervision of a lab manager or a medical technologist. Some U.S. states require that a medical laboratory technician be licensed. In these states, it is compulsory for hopeful medical laboratory technicians to take and pass the MLT certification examination.

How to Study Lab Values so You Remember Like everything else in nursing school, learning lab values is like learning a whole new language. Prior to nursing school I knew what Potassium, Sodium, RBCs, WBCs, blood sugars, and a few other BIG laboratory values were, but I didn’t have a real grasp on what they meant.
